

## **Tree Plantation – 27 July 2021**

Trees represent life, growth, peace and nature. They produce oxygen, clean soil, prevent drought, control flood related disasters, prevent soil erosion, improve physiological, mental and spiritual health, and also reduce carbon footprints. Keeping this in mind ASM Group of Institutions along with 24 Battalion CRPF Pune conducted a tree plantation drive at Chaurai Hill, Talegaon Pune.

Commandant Shri Parasthnath Saheb was invited to plant the first sapling. Following the footsteps other saplings were planted by Dr. Sudhakar Bokephode, Dr. D.D. Balsaraf and Dr. Lalit Kanore (Dean, ASM's IPS). Various types of tree saplings, like peepal, cinnamon, neem, and eucalyptus, were planted in the area. Students and CRPF jawans also followed the suit by planting many saplings.

The dignitaries then talked about how planting trees helps to regulate the temperature and absorb all the carbon dioxide from the air. They also talked about how planting trees helps to make the surroundings greener and how trees serve as homes to many birds and animals. They also suggested that every student should at least plant one tree per year as it will help the world to fight against global warming.

Taking inspiration from the drive the students pledged to plant more trees every year and to take care of the saplings planted.
