REPORT
ON
ONE DAY STUDY TOUR
(OUTING/COLLEGE TRIP)
TO JUNNAR
HELD ON 5TH OCTOBER
2019

INTRODUCTION

The Study Tour as per the curriculum was an exposure trip to a place of educational or historical importance. The tour programme of ASM IPS College of Students Education was planned for a day. It was a journey from ASM IPS College to Junnar. We covered **ROKADE FARM, LEYNADRI CAVE and SHIVNERI FORT**

First of all, I would like to thank the ASM Group of Institutes (IPS) for organising such a great outing for us.

I would like to thank our IPS Director **SIR SUDHAKAR J. BOKEPHODE** and our Dean **SIR LALIT KANNORE** and to our all the faculties present there.

IPS

OBJECTIVE

The expected outcome includes providing situations for Students-Teachers to learn and get acquainted with the process of organising/conducting a study tour/Field work and understanding the environment around and their cultures too.

COLLEGE REPRESENTATIVES

The college representatives who conducted our outing activity and came along us where our DIRECTOR SIR SUDHAKAR J BHOKEPODE our DEAN SIR LALIT KANNORE our CLASS TEACHER SAGAR SATPUTE and all the faculties of our IPS joined us in outing activity and made a wonderful trip.

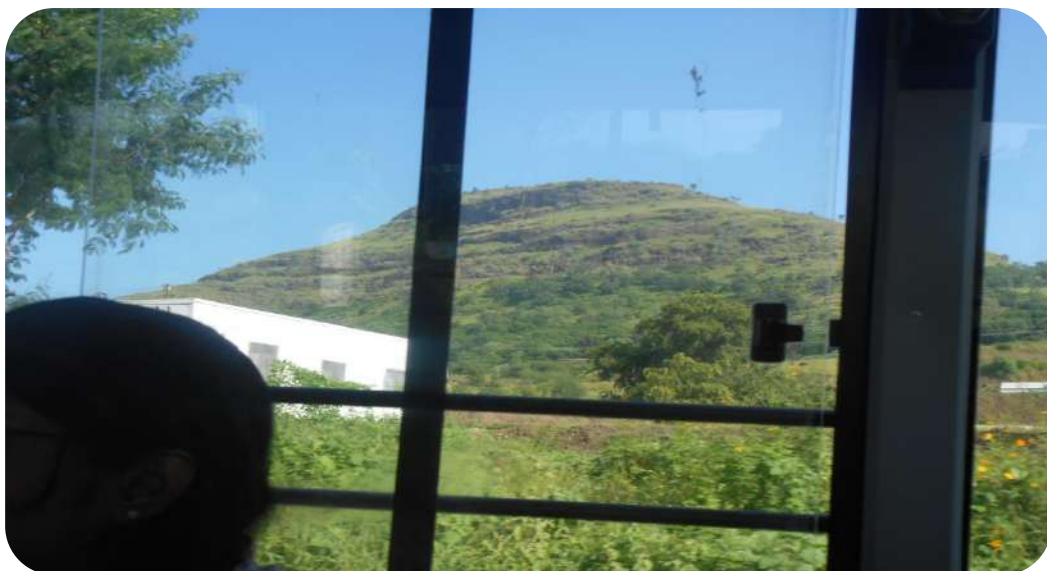

NUMBER OF STUDENTS

The number of students who attended outing activity was 50. The students were of MBS 1st year 2019-2020 batches.

TOUR REPORT

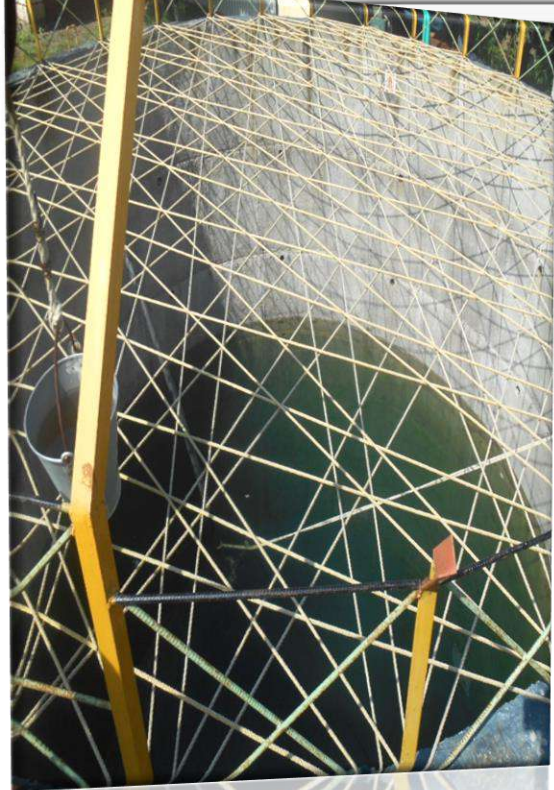

We gathered in our campus at around 06:00-06:30 AM as per the reported time. Started from college at 07:00 AM with company of our Director SIR SUDHAKAR J. BOKEPHODE and our Dean SIR LALIT KANNORE and along with all the faculties present there. We reach our first destination, to ROKADE FARM at about 9:30 AM.

ABOUT ROKADE FARM

Firstly, we touch at ROKADE FARM as once we reached JUNNAR after travelling. ROKADE FARM was our resting area where we had food activities and all. The ROKADE FARM is too awesome place, it surrounding area is covered by green nature and with hill area. We feel like that we came at our Village (Home Town).

We had our breakfast there and rested for a while. After that we re-started our journey next visit to LEYNADRI FORT around 11:00 AM

ABOUT LENYADRI CAVE

The current name "Lenyadri" literally means "mountain cave". It is derived from 'Lena' in [Marathi](#) meaning "cave" and 'adri' in [Sanskrit](#) meaning "mountain" or "stone". The name "Lenyadri" appears in the Hindu scripture [Ganesha Purana](#) as well as in a [Sthala Purana](#), in association to the Ganesha legend. It is also called *Jeernapur* and *Lekhan parvat* ("Lekhan mountain").

The hill was once known as *Ganesh Pahar* ("Ganesha hill"). An ancient inscription calls the place *Kapichita* (*Kapichitta*). The caves are also known as *Ganesh Lena* or Ganesha Caves

We climbed all the stairs from down to top to visit the cave which took almost 2 hours, we then visited the caves and temples made in it the idols of god Ganesha in the dark Cave which is designed with attractive way.

ABOUT SHIVNERI FORT

It is the birth place of **CHHATRAPATI SHIVAJI MAHARAJ**. Shivneri is known to be a place of Buddhist dominion from the 1st century AD. Its caves, rock-cut architecture and water system indicate the presence of habitation since 1st century AD. Shivneri got its name as it was under the possession of the Yadavas of Devagiri. Chhatrapati [Shivaji Maharaj Bhosale](#) was born at the fort on 19 February 1630 (some accounts place it 1627), and spent his childhood there. Inside the fort is a small temple dedicated to the goddess Shivai Devi, after whom Chhatrapati Shivaji Maharaj Bhonsale was named.

Shivneri is a hill fort having a triangular shape and has its entrance from the South-west side of the hill. Apart from the main gate there is an entrance to the fort from side called locally as *the chain gate*, where in one has to hold chains to climb up to the fort gate. The fort extends up to 1 mi (1.6 km) with seven spiral well-defended gates. There are mud walls all around the fort. Inside the fort, the major buildings are the prayer hall, a tomb and a mosque. There is an overhanging where executions took place. There are many gates structures protecting this fort. Mana Daravaja is one of the many gates of the fort.

SHIVNERI GATES NAMES

ACTIVITIES

All the activities on outing we has in ROKADE farm. The first activity was of TUG OF WAR where all the students took part, according to me this activity build the unity among the students.

The second activity was conducted to know the importance of written communication, where 10 members formed a line and by understanding the video clip by the last person he/she was to pass on message to other and so on. Here we learned that whatever the message we heard is not that appropriate and thus we should have written information.

LEARNING

In this whole outing activity trip I learned a lot. First thing which I learned according to me is time management, time management plays an important role. Also the seeds of friendship got stronger with each other and a strong bond is formed among each other. Except enjoying we also learned the role of leadership, teambuilding.

CONCLUSION

The outing trip on 5th October Saturday started at 6am in the morning where we started our journey from PUNE to JUNNAR and reached home by 9pm at night. It was indeed a great and memorable day to all of us, where, we had breakfast together visited certain places as mentioned above we also had our lunch together. After that we rested for a while and then we had the activities of team building. Thus it was a memorable day.
