

WORKSHOP ON INVESTOR AWARENESS

A workshop on “Investor Awareness” was organised by ASM Institute of Professional Studies in association of Bombay Stock Exchange on 29th April 2021. The workshop was conducted by Ms. Sana Shawl, resource person certified by Bombay Stock Exchange. The workshop covered various topics such as savings, investments, mutual funds, equity and other investment instruments. It also discussed the precautions to be taken while investing in various investment options.

The workshop was attended by all the students and well as faculty members of the institute. The participants were issued participation certificates by Bombay Stock Exchange (BSE).

Build assets

- With saved money, build assets and not liabilities....
 - Asset is something which earns you while you hold it and has value, hopefully, appreciating over a period of time.
 - Asset is not asset just because it appears on your asset side. For Example – Car. While it appears on asset side of your balance sheet, it does not earn and its value continuously depreciates. It is indeed a liability.
 - Assets are Equities, Bonds, Rented Real estates etc..

Bank deposits---- 5.5%
 Gold and real estate----
 Bonds and debentures---
