 In the latest revision of syllabus, SPPU has suggested 46 different components of CIE at the same time SPPU has given flexibility to the subject teachers to design their own process for continuous evaluation.
 However, to adhere to the academic calendar, and to maintain uniformity, the institute has finalized two CCE components common across all types of subjects and has given freedom to the course teachers to design their own scheme of CCE by incorporating the common CCE components. Institute further instructed course teachers to have minimum three to maximum five CCE components (including common components) for 3 credit courses and 3 to 4 components for 2 credit courses.
 To ensure that the comprehensive concurrent evaluation scheme designed by course teacher is completed in stipulated time frame, The Director and Dean academics approves the scheme of Comprehensive Concurrent Evaluation with modifications if required.

20. Best Practices adopted, if any:

ASM's Institute of Professional Studies is committed to the overall development of all stake holders. For the holistic development of teachers, staff and students ASM's IPS has adopted many best practices few of which are listed below:

- At the entry level, ASM's IPS recruits meritorious, dynamic, and enthusiastic faculty members through a well-defined selection process. A multi-stage selection process includes scrutiny of applications, testing of knowledge by experts in the field, testing of teaching skills through demo lectures and interviews.
- Teachers are motivated and encouraged to participate in Faculty development workshops, online courses, MOOCS etc. Workshops, Seminars, conferences at different levels such as District level, state level and international level are organized by institute, where each teacher gets an opportunity to present his/her research work.
- Teachers recruited in different cadre are encouraged to enhance their qualifications, such as non-Ph.D. teachers are encouraged to pursue part-time Ph.D. from the research centers affiliated to SPPU or other university.
- Apart from the District and State level seminars organized by Institute, the parent trust ASM organizes an international seminar 'INCON' every year in the month of January. INCON is an international conference in ongoing research is one of the flagship events of ASM group of institutes and has become an industry defining event in academic research space having already seen an enthusiastic participation from over 3000 researchers 220+ academic partners and from 15+ countries. Prestigious universities and Institutes from India, Mexico, Italy, Poland, and USA have regularly partnered with INCON. Every year hundreds of research scholars across the world present their research work in this conference.
- To motivate teaching staff members and students for taking part in the conference, ASM has waived of the participation fees for all staff members and students of ASM group of institutes. Research articles of staff members are then published in the proceeding book of the conference and selected papers are published in ASM's biannual research journal 'ASM's Business Review'.
- To develop research attitude among students and teachers, institute is also organizing case study competitions called 'MINDSCAPE', 'EVOLVE', and 'PERCEPT' Wherein experts from industry, teachers and students can participate and solve case studies developed by senior teachers of ASM group.
- **Signing MoU with government and private institutes:** Innovation is key to start successful business, but we also believe that creation and transfer of knowledge is equally important for sustainability of successful businesses. Keeping this philosophy in mind, institute has signed MoU's with variety of organizations including academic institutes, industry, and government agencies. Student exchange, faculty exchange, knowledge sharing, knowledge transfers are key objectives of signing MoU's with academic institutes.
- Institute has also signed an MoU with Maharashtra Center for Entrepreneurship Development (MCED) and started an Entrepreneurship Development (ED) cell in the institute. Main objectives of developing ED cell is to promote, motivate and guide the students to start new ventures.
